

Math 1
Quiz 3 Review

The quiz on Wednesday, September 28 covers some review standards from module 1 as well as standard 2A (graphing inequalities).

For review, complete p. 15 (titled 2.4 Pampering and Feeding Time). After completing that page, address the following questions:

- In which quadrants does the solution set lie? Explain thoroughly.
- For both graphs, what is the significance of the ordered pair $(15, 13)$?
